Let's go

Didn't even know  
We lost the light in our eyes  
A planet used to facing the despair  
Dystopia that has bloomed in the dark

This is not a dream, this is not a game  
(Burn it, burn it)  
This is super real, need to wake up  
(Burn it, burn it)  
Turn it up, turn it up, turn it up  
Open your eyes and watch  
(All right) Don't you ever miss this moment

It's all going to flow like this, with no meanings at all  
A whisper without any hope

Everything's going to put you  
Through the test  
But they will bloom you out  
Either way this place is extreme  
Everywhere (extreme) every time  
Cause I can't breathe

Let's break all the rules  
The look of eyes losing all of its strength is criminal  
Criminal, criminal, criminal  
Let's break all the rules  
That lethargic voice is criminal  
Criminal, criminal wake you up  
In the mirror the world is shining on you  
Break down the frame you've locked yourself in

I feel the burning (burning) burning (burning)  
Now's the time, breaking the rules  
It's cool, breaking the rules

Don't cool down my flame (Me)  
You'll burn yourself trying to surround me (nah)  
I'll be what I want to be (brrr)  
I paint my future as I see (brrr)

I can send my brain  
To the universe as vacation with my eyes closed (Whoa)

I become what I dreamed of  
Cuz I said that it's just around the corner, checkmate (Whoa)

I don't know, I'm just comfortable like this  
I know you don't mean it honestly

The reality is always harsh  
It makes you conform  
But they will bloom you out  
Either way this place is extreme  
Everywhere (extreme) every time  
Cause I can't breathe

Let's break all the rules  
The look of eyes losing all of its strength is criminal
