

Come Over (Again)

Crawlers

Fall asleep with a lighter in your hand
You can't fake it, that's telling
Smoke so much you can't even stand
Tell your dad it's weed he's smelling
I don't, I won't, I guess
You're too young to know her
I think I'll go to sleep
I won't think about you
Until I think about when
You tell me

Come over again
Come over again

Smoking through the window, see the lights
They're always dimmer when you're stoned
Chained by your expectation I want you to know
I see how you used to be before you knew me
I'm just so sick I can't even look at myself
It's a mental hell when you said

Come over again
(When you said)
Come over again
(When you said)
Come over again
(When you said)
Come over again

Take her name out of your mouth
You don't deserve to mourn
You just love the attention
Or do you get bored?
You like the power you have
Hope you get caught in the law
Do you think that you're happy?
Just wait till you're sure
Pity she's a whore
When you said

Come over again
(When you said)
Come over again
(When you said)
Come over again
(When you said)
Come over again

Come over again
Like you were before
Come over again
Like you were before
Come over again
Like you were before
Come over again

Yeah, yeah, yeah

Yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah
Yeah, yeah, yeah
