The goddess comes down
Obey, all night long
No way to run
Engrave myself in you

I feel like a monster
Even the way you're scared of me
It pretty suit of you

Yo take you away take you away
Yo take you away take you away

I can see you even if cover you
I can hear you
Even if you hide

You'll never get away, get away, get away from me now
(I just own you)

I don't wanna let you down
You're like a sculpture by god
I should have all of you

After I hide inside you
And you're filled with me, fill it
Secretly but great

Umm undercover goddess
Umm undercover goddess
Umm undercover goddess
Break you down as I wish pow pow
Undercover goddess
Undercover goddess
Undercover goddess
Yes to me, you are, bow bow

Crime, this is like a crime
Crime, yes that's right

You are like a crime

Two hands caught
And tightly held
And I take you
It's decided you're mine

Sweet you are already spreading out to me
By my side and already deeper
I just can't get enough of you
The more I swallow, the more I want
Fill you up in my vein
Rising gauge
Turn the page
Want you more
Quickly move
I'm going to follow you without you knowing
You're becoming me before you knew it
You're addicted to me
So no one else can stop you

I don't wanna let you down
You're like a sculpture by god
I should have all of you

After I hide inside you
And you're filled with me, fill it
Secretly but great

Umm undercover goddess
Umm undercover goddess

Break you down as I wish pow pow
Undercover goddess
Undercover goddess
Undercover goddess
Yes to me, you are, bow bow

You just can't run from me
Swing yourself right now
Yes talk to me more
You're gonna need me

Should keep taking it away
Should have it every day like a dictator
Whatever you put on
The scale will tilt toward me

Umm undercover goddess
