

# I Want To Be A Child Star

## Crazy Ex-Girlfriend Cast

Every night I lie awake  
Dreaming of my big break  
I just gotta act and dance and sing  
'Cause I only ever wanted one thing

I wanna be a pre-teen Hollywood trainwreck  
A cautionary tale  
I want the kind of fame  
That'll warp my brain  
And eventually land me in jail

I want to sue my parents for emancipation  
When they're caught stealing from me  
I want to be on the set  
Of The Walking Dead  
When I lose my virginity

I want to be a child star  
It's gonna be bad  
Child star  
It's gonna be sad  
Oh, yeah

Childhood is overrated  
I'm ready for mine to end  
I want to have agents and assistants  
Instead of actual friends

I'll be abusive and emotionally stunted  
But everyone will tolerate me  
They'll have no choice  
Because my face and my voice  
Will make them so much money

I want to have a teenage Hollywood meltdown  
Be a pop-culture casualty  
I want a bunch of addictions  
To illegal prescriptions  
And completely lose touch with reality

I want to squander everything I've worked for  
And spiral out of control  
I want to wake up in Van Nuys  
With a bunch of sketchy guys  
Whom I've never even met before

I want to be a child star  
Who are you guys?  
Child star

Can I have some more money?

Oh baby, I've hit rock bottom  
I can't live like this  
It's time to get my act together  
Re-focus on my passion

I want to be a desperate Hollywood has-been  
A classic "Where are they now?"  
I'll try to clean up my act  
And get my agent back  
And salvage my reputation somehow

I'll do a lot of community service  
And apologize to Meryl Streep  
I want to be that former child star  
That you see in bars  
And say, "Hey, there's that bloated, bankrupt Hollywood creep!

Child star!
