

# I've Always Never Believed In You

Crazy Ex-Girlfriend Cast

You stand before me, a man fully grown  
Ready to take on the world, heading out on your own  
You're now so thoughtful, strong, and wise  
I'm proud, but I'm also surprised

'Cause I always never believed in you  
I never gave up giving up on you  
Deep inside, I always knew  
That you'd eventually never come through  
Not for a second did I think  
You wouldn't end up dead or in the clink  
For possession or assault, it's true  
'Cause I've always never believed in you

The moment you were born, they placed you in my arms  
And I looked into your eyes and thought, "Well, that's a murderer."  
I thought at best, you might barely manage  
And it would be my job to try to mitigate the damage

'Cause I always never believed in you  
I never once doubted doubting you  
With every opportunity that you blew  
All my worst fears just kept coming true  
You were never a teacher's pet  
But you did once kill a teacher's pet  
With every horrifying thing that you'd say or do  
I continued to never believe in you

Some people are destined to fly high  
Others just get really, really high  
Some people reach for the stars  
Some just reach for the panel in the ceiling where they keep their drugs  
I held out no hope for so long  
But now I admit I got you all wrong

'Cause now I actually believe in you  
No longer have a total lack of faith in you  
Apparently, there are things you can do  
You're full of potential, and no one knew  
Allow me to tip my hat to you, sir  
'Cause you're no longer a total loser  
It feels strange to say it, but it's true  
I weirdly, shockingly, completely believe in you  
I believe, I believe, I believe in you  
Yes I do  
Yes I do
