

# Let's Have Intercourse

## Crazy Ex-Girlfriend Cast

Unfortunately, I want to have sex with you  
I don't know what happened  
Maybe you lost some weight  
For some reason, you're now on the top of my to-do list  
Let's get this over with  
So I can focus on other tasks

Let's have intercourse  
(Let's have intercourse)  
Just pretend I'm seducing you  
Come on, let's quickly have intercourse  
(Let's quickly have intercourse)  
So I can move on with my life  
My busy life

You and I are both highly intelligent people  
Although I'm in much better physical shape  
Once we do it, it'll be like  
Well, that's what that was like  
And you'll hopefully go back to seeming weird to me

But right now let's have intercourse  
(Let's have intercourse)  
I mean, obviously you want to, too  
Just super quickly have intercourse  
(Super quickly have intercourse)  
You could use the exercise

Sometimes my body wants things that my mind does not  
My body wants things that make my mind go "Uh, body, what?"  
We're animals, it's unfortunate  
So come on, let's contortion it  
I won't be back to normal till  
I see what your nipples look like  
They're probably straightforward nipples  
I won't know for sure

Until we stop wasting time talking 'bout it  
And we super quickly  
It'll only take a second  
Have intercourse  
(Have intercourse)  
Let's have intercourse

Good thing I happen to have an old condom in my wallet
