

Do Or Die

Crazy Lixx

How much more can we take now
How much longer can they put us down
It's time to pull the breaks now
Time to get up from the ground

Day after day we run out of patience
We are the wasted generation
We are the ones to bring it back to you

Bang you head, wake the dead
Maybe tomorrow this will be over
Aim to thrill, shoot to kill and do or die
Get it on, hit the road
You've got a lifetime to grow older
Let it out, make it count and do or die

It's been more than a decade
Kids growin' up without rock n' roll
Ain't gonna be another second
It's time to put it back on the wall

Day after day we run out of patience
We are the wasted generation
We are the ones to bring it back to you

Bang you head, wake the dead
Maybe tomorrow this will be over
Aim to thrill, shoot to kill and do or die
Get it on, hit the road
You've got a lifetime to grow older
Let it out, make it count and do or die

Do or die, do or die
Do or die, yeah, yeah...

Bang you head, wake the dead
Maybe tomorrow this will be over
Aim to thrill, shoot to kill and do or die
Get it on, hit the road
You've got a lifetime to grow older
Let it out, make it count and do or die
