

Downtown

Crazy Lixx

I'm gonna' tell it
The way it is
There ain't no pretty way of sayin' this
I've got the hots for your
Flesh and blood
It ain't yours I'm speakin' of

She came around your place one time
And ever since she's been on my mind
Can I get her number
I just gotta tell her
There's a blow out
On the wild side

There's a party downtown
And your sister's invited
You know I'd let you come
But I know you wouldn't like it
So any time you see her
You can tell her 'bout the plan
Saturday night there's a party downtown

She looks like you
Only twice as hot
Yeah, you're a spark, she's million watts
Oh, that baby's thunder
Can I get her number
Gonna' let her know
Where's she's gotta' go

There's a party downtown
And your sister's invited
You know I'd let you come
But I know you wouldn't like it
So any time you see her
You can tell her 'bout the plan
Saturday night there's a party downtown

10 am yeah that's when we're gettin' started
Drinks are on me
There's no way she can't afford it
So any time you talk
Anytime she comes around, tell her
Saturday night there's a party downtown
