

## Make Ends Meet

Crazy Lixx

Hush now baby, close your eyes  
Mama can't tuck you in tonight  
She doesn't ever wanna be away  
That's just what it takes to make it through the day

Save those tears, dry your eyes  
It's just a one more day in paradise

Tryin' to make ends meet  
I'm so tired of being alive and never living  
We're born and we're dyin' free  
But in between  
We're only tryin' to make ends meet

Hush now baby, go to sleep  
Daddy's workin' late at the factory  
He really wanted to be there for you  
But daddy's gotta do what a man's gotta do

Hold those tears, don't you cry  
It's just another night in paradise

Tryin' to make ends meet  
I'm so tired of being alive and never living  
We're born and we're dyin' free  
But in between  
We're only tryin' to make ends meet

Hold those tears, don't you cry  
It's just another night in paradise

Tryin' to make ends meet  
I'm so tired of being alive and never living  
We're born and we're dyin' free  
But in between

We're just tryin' to make ends meet  
And I'm so tired of being alive and never living  
We're born and we're dyin' free  
But in between

Mama can't tuck you in  
Daddy's workin' late again  
They're just tryin' to make it  
Tryin' to make ends meet
