

# Psycho City

Crazy Lixx

Your last dream just turned to dust  
No life did not turn out pretty  
You can't help but feeling lost  
Now there's only one place left to go

And I'll show you down the road  
So here's your one way ticket

Pleasure and pain - get the blood stained  
Pulling your veins - welcome to Psycho City  
No more restraints - get your needle  
Shoot it again - down in Psycho City tonight

I'll show you something that you've never known  
Will be the thing you've always wanted  
All the times you've been so down  
Oh, there's a quick fix to this agony

So don't look back anymore  
I've got an easy solution

Pleasure and pain - get the blood stained  
Pulling your veins - welcome to Psycho City  
No more restraints - get your needle  
Shoot it again - we're down in Psycho City tonight

Pleasure and pain - get the blood stained  
Pulling your veins - welcome to Psycho City  
No more restraints - get your needle  
Shoot it again - we're down in Psycho City tonight

Psycho City  
Psycho City  
Get the blood stained  
Psycho City  
Psycho City  
Psycho City  
Psycho City tonight
