

Sound of the Loud Minority

Crazy Lixx

You don't approve of our lifestyle, you say
We're bound straight for hell and that serves us right
Looks like communication break down
But we won't give in without a fight

We're the young - we're the free
We're the sound of the loud minority
It's the road I've got to go down
Don't wanna' be another face in the crowd
We're the young - we're the free
Shout it out - we're the loud minority, oh yeah

You keep on saying it's time to grow up, well
I'm gonna' live my life before I'm dead and gone
Looks like we're heading for a showdown
I'll fight you a million to one
I won't be silenced at the tip of the gun

We're the young - we're the free
We're the sound of the loud minority
It's the road I've got to go down
Don't wanna' be another face in the crowd
We're the young - we're the free
Shout it out - we're the loud minority, oh yeah

They told us just how we should be
To fit in their grey society
But we're born to live and die free
I know what I want and I get what I need

We're the young - we're the free
Of the loud minority
It's the road I've got to go down
Don't wanna' be another face in the crowd
We're the young - we're the free
Shout it out - we're the loud minority, oh yeah

We're the loud minority, oh yeah
We're the loud minority
