

Wicked

Crazy Lixx

Plain Jane, they're sayin' no need to bother
But you're sex on legs hidin' under cover
Don't think that I can't see right through ya'
No pretty angel eyes can hide your twisted mind

You're wicked
You're the dangerous kind
Love like this can drive you wild
Cause you're wicked
All through the night
You're so wild, wild and wicked

So shy, you keep tryin' to act sophisticated
But I can see baby under your skin
That nobody can tell you've got the Devil within
One look is all I need to tell you
Some things you can't disguise behind those bedroom eyes

You're wicked
You're the dangerous kind
Love like this can drive you wild
Cause you're wicked
All through the night
You're so wild, wild and wicked

So wicked
So wicked
Wild and wicked

You're so wild, wild and wicked
You're so wild, wild and wicked
You're so wicked

Love like this can drive you wild
Cause you're wicked
All through the night
You're so wild, wild and wicked

You're wicked
You're one of a kind
Love like this can drive you wild
Cause you're wicked
All through the night
You're so wild, wild and wicked
