

Megatron

Crazy Town

And it always drives me up the wall.
Anytime I'll always risk it all.
Ohhhhhh, it's Megatron!
Woh woh woh woh now let's go
Woh woh woh woh, oh
Woh woh woh woh now let's go
Woh woh woh woh

I'm breaking away
Something razor blades
A dirty display of rage
A parade of hand grenades
Got something to say (damn)
I've been in the lab for days
My passage just happen to crash into graves
My clinical action is coming of age
I'm turning the page, perception
[?] but I'm wreckin'
Into the ground, I'm loud and I'm proud
My settlement is under discretion
No question I am the future
I'm giving out lessons, I am your tutor
What started a looser but look at me now
Something? I was a shooter

Woh woh woh woh now let's go
Woh woh woh woh, oh
Woh woh woh woh now let's go
Woh woh woh woh
It's megatron!!
Now let's go
Now let's go

And everything that has keeping me down is long gone
And everything I ever thought was picking me up was dead wrong
Your sad song has been played a new dawn
A new day, a new way (bring it on)
Tragic, dramatic, cut through the static
Your dancing by monsters and voodoo black magic
You'll chase it, you'll never let go once you have it
(you'll chase it, you'll never let go once you have it)
I grab it, I snag it, I fastenly drag it through an hour then hold it and st
ab it
And I'll keep passing this movement is massive
(this movement is massive) [x3]

Ohhhhhh, it's megatron!!
Woh woh woh woh now let's go
Woh woh woh woh, oh
Woh woh woh woh now let's go
Woh woh woh woh
It's megatron!!
Now let's go
Now let's go

We make an impression
Cuz' we're the exception

This is the sound of crazy town
The resurrection
Subliminal, limital, digital grace
Spiritual physical, setting the pace
The damage is done (done)
We gave you a chance to run
But instead you stayed and now you're getting crazy
All the girls they wanna be my sugar baby
But instead you stayed and now you're getting crazy
All the girls they wanna

Wooaahhhh, it's megatron!
Woh woh woh now let's go
Woh woh woh woh, oh
Woh woh woh woh now let's go
Woh woh woh woh
It's megatron!!
Now let's go
Now let's go
