

# Illusion

Creed

The sun rises to another day  
My constitution keeps changing  
'Til it slips away  
So I lie awake and stare  
My mind thinking, just wandering  
Does anybody care?  
Should I stay or go

Should I sleep or stay awake  
Am I really happy or is it all  
Just an illusion

Sitting in my room now  
Hiding thoughts  
Just hoping one day I'll get out  
I hear a voice call my name  
Breaking trance, so silent  
So I can stay the same

Should I stay or go  
Should I sleep or stay awake  
Am I really happy or is it all  
Just an illusion

[Guitar Break]

Wait now, many things left unsaid  
This life remains the same  
But I change  
I try to fool myself in believing  
Things are going to get better  
But life goes on

Should I stay or go  
Should I sleep or stay awake  
Am I really happy or is it all  
Just an illusion  
Just an Illusion  
Just an illusion  
Just an illusion  
Just an illusion  
Just an illusion  
Just an illusion
