

Parasite

Creeper

She had a body, just like a grave
Every pretty girl just wants a boy to slay
Silver bullets and kerosene
The king of death will now be hunted by its queen

Baptised in unholy water
Chastised in the devil's eyes
So enchanted by her slaughter
She will have her way with you tonight

Be my parasite
Be mine
Be my parasite
Suck, suck, suck
Be my parasite
Be mine

She had an evil in her eye
A pretty evil girl would burn the beast alive
Decapitation and wolfsbane
But she's turned on at the sight of the bloodstain

Baptised in unholy water
Chastised under blackened skies
No match for the devil's daughter
She will have her way with you tonight

Be my parasite
Be mine
Be my parasite
Suck, suck, suck
Be my parasite
Be mine, be mine

Be my parasite
Be mine
Be my parasite
Suck, suck, suck
Be my parasite
Be mine, be mine

Shot down
Through the heart of the hunter
Shot down
In the eyes of God
Shot down
Silver bullets, baby
Shot down
Are all that girls dream of

Be my parasite
Be mine
Be my parasite
Suck, suck, suck
Be my parasite
Be mine, be mine

Be my parasite
Be mine
Be my parasite
Suck, suck, suck
Be my parasite
Be mine

She will have her way with you tonight
