

Poisoned Heart

Creeper

Me, I've got a poisoned heart
Right from the start, I have deceived you
And you, stay away from me
Krueger kills in dreams, I'll steal them from you

In the dark, I'll creep to your heart
And soon you'll drink the poison too

Drown with me
Darling, drown with me
I'll take you to the edge of everything
Burn with me
Darling, burn with me
I'll take you to the edge of everything

Me, I've got a poisoned heart
I've had it from the start, I have deceived you
And you, you've got an angel's eyes
Under the devil's sky, I'll tempt and take you

In the dark, I'll creep to your heart
And soon you'll drink the poison too

Drown with me
Darling, drown with me
I'll take you to the edge of everything
Burn with me
Darling, burn with me
I'll take you to the edge of everything

Drown with me
Darling, drown with me
I'll take you to the edge of everything
Burn with me
Darling, burn with me
I'll take you to the edge of everything
