

# A Piece of Time

## Crematory

A piece of time - piece of time - a piece of time - piece of time

Into utter darkness - a female body lies  
Lonely in the woods - feast for parasites  
Human cruelty - a picture of desperation  
Is this what religion tells - is this the creation

A piece of time - another way to die - still a piece of time  
A piece of time - another kind of crime - still a piece of time

In complete solitude - a painful scream dies  
Down in the deeps - moments of silence  
Primary instinct - an act of defeat  
Is this what religion promises - is that the seed

A piece of time - another way to die - still a piece of time  
A piece of time - another kind of crime - still a piece of time

Another demon - another way to die  
Another preacher - another kind of crime  
A piece of time - piece of time  
A piece of time - piece of time  
Another demon - another way to die  
Another preacher - another kind of crime

Into utter despair - a lifeless body rests  
In peace and hides - the last paradise  
Inhuman atrocities - a ceremony of dreaming  
Is this what religion preaches - is that the meaning

A piece of time - another way to die - still a piece of time  
A piece of time - another kind of crime - still a piece of time
