

Awaits Me

Crematory

Unholy - under command - invisible - under control

The house is burned - the garden is destroyed
The past is over - no witness left to tell the truth
Looks full of allegations - whispers in your ears
A heart has to be buried - to hide it beats

Recognize the sign of times - awaits me
Recognize the truth or lies - awaits me
Nobody talks about it - awaits me
Nobody wants to know - awaits me

Unholy - under command - invisible - under control

The memories are painful - the secrets beating down
Chaos taking over - now loneliness takes your hand
The beauty of the past - turned into an ugly mask
Last words leave your mouth - anger and hate prevail

Recognize the sign of times - awaits me
Recognize the truth or lies - awaits me
Nobody talks about it - awaits me
Nobody wants to know - awaits me

The sign of times - awaits me - the truth or lies - awaits me
The demon - awaits me - the demon - awaits me - on the other side

Recognize the sign of times - awaits me
Recognize the truth or lies - awaits me
Nobody talks about it - awaits me
Nobody wants to know - awaits me

Unholy - under command - invisible - under control
