

Behind the Wall

Crematory

I'm always here and ever be
God is the bastard who hates me
But growing anger shows no fear
Killed the one who was not clear

Behind the mask - behind the fall
Behind the task - behind the wall

I am the man behind the wall
Will not surrender until I fall
I hide behind my mask - I fail the final test
Behind the wall - my name is pest

And bloody tears fall in the sand
It is the first kill from my hand
Leaving marks onto my skin
I am the son of deadly sin

Behind the mask - behind the fall
Behind the task - behind the wall

I am the man behind the wall
Will not surrender until I fall
I hide behind my mask - I fail the final test
Behind the wall - my name is pest

I am the man behind the wall
Will not surrender until I fall
I hide behind my mask - I fail the final test
Behind the wall - my name is pest
I am the man behind the wall
Will not surrender until I fall
I hide behind my mask - I fail the final test
Behind the wall - my name is pest
