

Die so Soon

Crematory

An angel made of night and shades kisses your bloody tears away
Releases you from the agony
Is what you really need... just to live
Just to live on

Don't get me wrong
I'm so happy today
Cause I'm gonna die so soon
Don't get me wrong
Cause it's ok
Cause I'm gonna die so soon

All that they ever promised you
But all those years always refused
They demanded humility and gratitude
That's what they need
For their battering and degradations

Don't get me wrong
I'm so happy today
Cause I'm gonna die so soon
Don't get me wrong
Cause it's ok
Cause I'm gonna die so soon

Observed-betrayed-arrested
Ignored-fooled and blinded
Stained-vanished and wounded
Cause I'm gonna die so soon

No more wind blowin' through my hair
No more love, lies, anger and fear
Or a cool breeze in the summer air
Pleasure and dreams, wasted years, forgotten tears

Don't get me wrong
I'm so happy today
Cause I'm gonna die so soon
Don't get me wrong
Cause it's ok
Cause I'm gonna die so soon
