

I Am

Crematory

I am the preacher - I am the ghost
I am the vermin - I am the curse
I am the torment - I am the pest
I am the slayer - I am the death

Welcome in my future - welcome to my past
Welcome the seducer - welcome to my life
Welcome to my madness - welcome to my world
Welcome to my fate - welcome to my show

I am the thunder - I am the storm
I am the creature - I am the unborn
I am the liar - I am the last
I am the fire - I am the dust

Welcome in my future - welcome to my past
Welcome the seducer - welcome to my life
Welcome to my madness - welcome to my world
Welcome to my fate - welcome to my show

You stand and fall - for the journey of your life
Wherever your way goes - it will be your destiny
Listen to your mind - you'll do everything right
You escape and hide - till the end of your life

Welcome in my future - welcome to my past
Welcome the seducer - welcome to my life
Welcome to my madness - welcome to my world
Welcome to my fate - welcome to my show

Welcome in my future - welcome to my past
Welcome the seducer - welcome to my life
Welcome to my madness - welcome to my world
Welcome to my fate - welcome to my show
