

# The Downfall

## Crematory

Welcome to madness that keeps you awake  
Welcome to horror that freezes your face  
Have you ever been afraid of the dead of the night?  
Do you feel the cold or a greater will inside  
Inside

Wrong ways, wrong questions  
The downfall  
Thoughts are full of emptiness  
The downfall  
There's a wrong decision  
The downfall  
Why have you been trusted?  
The downfall

Welcome insanity that life has written  
Welcome to nightmare that always stays hidden  
Have you ever been afraid for the last days of your life?  
Do you see brutality or greater might inside?  
Inside
