

Unbroken

Crematory

Music is an addiction - my first love and my religion
Hope, dreams and depression - hate, pain and aggression

Unbroken - unbroken

Hello we have returned - never really gone
Songs for the masses and true supporters - we are still moving
on

Hello we have a lot of fun - we share our dream with you
Experienced many thing - no regrets at all

Music is an addiction - my first love and my religion
Hope, dreams and depression - hate, pain and aggression

Unbroken - we still keep on fighting
Over and over again - over and over again
Unbroken - we still love what we do
Ever and ever again - ever and ever, ever and ever again

Unbroken - unbroken

Hello we never get enough - we have played all these years
29 years and still alive - together we will fight
Hello we are so proud - your support makes us strong
All our dreams becomes reality - and we never give up

Music is an addiction - my first love and my religion
Hope, dreams and depression - hate, pain and aggression

Unbroken - we still keep on fighting
Over and over again - over and over again
Unbroken - we still love what we do
Ever and ever again - ever and ever, ever and ever
Unbroken - we still keep on fighting
Over and over again - over and over again
Unbroken - we still love what we do
Ever and ever again - ever and ever, ever and ever unbroken
