

Wrong Side

Crematory

Carefully look around - kill to survive - never look back
Last chance - last notion - the beautiful memories
Fear goes around - no one will help - nobody is saved
Exposed as an easy victim - escape - for the last resort

Wrong side - wrong place
The last fight has begun
Wrong game - wrong face
The final battle is done
Wrong way - wrong mind
Responsibility of mankind
Wrong turn - wrong time
This is the end of the line

Hide to plan - kill to survive - never come back
Instability is all around us - the rage of violence
The degree of blindness - hung and burnt
The last important decision - is now dead and unknown

Wrong side - wrong place
The last fight has begun
Wrong game - wrong face
The final battle is done
Wrong way - wrong mind
Responsibility of mankind
Wrong turn - wrong time
This is the end of the line

The end of the line - the end of the line
The end of the line - the end of the line
