

# I'm Here You're Gone

Criminal Colection

All these faces that I knew.  
Empty places.  
I'm here but you're gone.

I'm falling slowly on the ground.  
I feel lonely.  
'cause I'm here and your gone.

We're moving forward, time goes by  
On the way to northward.  
I'm here and you're gone.
