

See me broken

Criminal Colection

I'm tired every day,
I'm bored every second,
I feel little pain
that I put on this record

I want you here,
I want you to hold me tight

Woah woah woah woah
Woah woah woah woah

Sometimes in my brain
There is totally nothing,
No reason to stay,
Please tell me something

I wanna hear that you wanna see me tonight

Do you wanna see me broken,
Do you really wanna break my heart this way,
Do you wanna see me broken,
Can you tell me why you let me go away,

I'm here and I'm wasting my time again
On my own I don't wanna feel that pain
Do you wanna see me broken,
Do you really wanna break my heart this way,

There's a gap between us,
There's no bridge to get closer to you
I'm wondering what are you doing now when you're alone
Are you at home?

No one said this would be easy,
I'm stuck in the place where you don't wanna see me
But I don't wanna change I will always be a small town
booooooy!

Do you wanna see me broken,
Do you really wanna break my heart this way,
Do you wanna see me broken,
Can you tell me why you let me go away,

I'm here and I'm wasting my time again
On my own I don't wanna feel that pain
Do you wanna see me broken,
Do you really wanna break my heart this way,

These times are gone
I'm on my own

I'm here and I'm wasting my time again
On my own I don't wanna feel that pain
Do you wanna see me broken,
Do you wanna see me broken
