Friday night when I'm way too long  
I woke up in a stranger's home  
After six shots of daily hun  
You know that girl really turn me on

We were on the floor, and so much more  
Can moving down the way  
And we left the club and fell in love  
And then I heard her say  
Let's go back to mine,  
For a smoke and wine,  
If you want to you can stay  
But after all,  
I can't recall, I can't recall one thing

It's time for some action  
Girls satisfaction  
Who's the one girl with turn for Jackson?  
Love her with passion  
Splicing and splashing  
Nothing till the morning and the make up might dashing

Hell no  
Hell no  
What a way to getting started  
Hell no  
Hell no  
I'm on the run, I'm on the run  
Hell no  
Hell no  
What a way to torn apart  
Hell no  
Hell no  
I'm on the run, I'm on the run

Papou talks and she was done  
She lied her hands on the sofa bed  
And you know what happened then
