# Sorry

**Cris Cab**

When the lights get low
And your heart beats harder
When the music ends
And the night is over

Will I see you again?
Oh na na
Oh na na
Will I see you again?
Oh na na
Oh na na

And we try
But we lie
We wasted so much time
And we cry
But we try
We wasted so much time

I don't believe that you're sorry (sorry)
I don't believe that you meant it at all
I honestly rather be lonely (lonely)
Than dealing with all of the shit that you caused
Sorry

I remember how it all began
Back when you and I were sober
We were so innocent
How do words get so much colder

Will I see you again?
Oh na na
Oh na na
Will I see you again?
Oh na na
Oh na na

And we try
But we lie
We wasted so much time
And we cry
But we try
We wasted so much time

I don't believe that you're sorry (sorry)
I don't believe that you meant it at all
I honestly rather be lonely (lonely)
Than dealing with all of the shit that you caused
Sorry

I don't believe that you're sorry (sorry)
I don't believe that you're sorry (sorry)

I don't believe that you're sorry (sorry)
I don't believe that you meant it at all
I honestly rather be lonely (lonely)
Than dealing with all the shit that you caused

Sorry
