

# The Truth

Cris Cab

Do you wanna know the truth baby  
Or something beautiful  
I wanna tell you the truth baby  
There's something you should know

I can tell the stars to grant all of your wishes  
Tell me is this sin even it's been forgiven  
And I could paint your sky in the middle of the winter  
So tell is it still true even if you're bitter

Is it clear now my dear? What's been happenin' here?  
Maybe it's over now, it feels so much colder now  
See it all in my mind, are we wastin' our lives?  
If this is over now, ooh could it be over now?

Do you wanna know the truth baby?  
Or something beautiful  
I wanna tell you the truth baby  
Is something you should know

Come on girl, yeah, you know that you have it  
When I first saw you it was magic  
Took a couple left turns, now it's tragic  
Oh no, no, no, oh, no, no, no

Every time that you felt the separation  
You needed love but you lost in translation  
You wanna have it though my lug from out the basement  
Oh no, no, no, oh, no, no, no

See you all in my mind, no more wasting our lives  
If this is over now, ooh baby it's over now

Do you wanna know the truth baby?  
Or something beautiful  
I wanna tell you the truth baby  
There is something you should know

We could write our life story  
Like blowing trees, yeah  
But I know you and you know me  
And this our reality, yeah

Do you wanna know the truth baby?  
Or something beautiful  
I wanna tell you the truth baby  
There is something you should know

Do you wanna know the truth baby?  
Or something beautiful  
I wanna tell you the truth baby  
There is something you should know
