

Cut the Shit

Crisix

Shut the fuck up!

Everything I hear from your mouth
Stinks like the most disgusting trash
Talking with no rest
You think you're right 'bout everything

Arguments from ignorance, jerk!
Arguments that make me sick
I don't need lessons from scum like you
Evolution didn't knock your door

Fucking Troglodyte!
Talking to you... waste of time

Better think before you speak
That would be so wonderful
Words that float across the drain
You have shit instead of brain

Cut the shit!
Boom! Motherfucker! Boom! Boom!
You need a bullet in your head!
Boom! Motherfucker! Boom! Boom!
Shut the fuck up!
Shut the fuck up!
Shut the fuck up!

Everytime we have to discuss
It's like hitting against the wall
You're a pain in the ass
I never ask, you always talk

Acting like "I am the master"
Acting like "Hey, look at me"
You need to be the center of the world
Well, nobody gives a fuck about your words

Fucking Troglodyte!
Talking to you... painful crime

You never think before you speak
That's the way you do the things
Words that float across the drain
You have shit instead of brain

Cut the shit!
Boom! Motherfucker! Boom! Boom!
You need a bullet in your head!
Boom! Motherfucker! Boom! Boom!
Shut the fuck up!
Shut the fuck up!
Shut the fuck up!

Get out of my way!
You asshole!
Out of my way!

You asshole!
Cut the shit!
You bastard!
Out of my life!
You bastard!
Cut the shit!

Words full of crap, straight from your mouth
Sew up your fucking lips!
Take this

Shut the fuck up!
Shut the fuck up!
Shut the fuck up!
Boom!
Motherfucker! Boom! Boom!
Motherfucker! Boom! Boom!
Motherfucker! Boom! Boom!
You need a bullet in your head!
You need a bullet in your head!
You need a bullet in your head!
