

Speak Your Truth

Crisix

Do it!

Everyone's got something to say
Just pick your choice, you are hunter or prey
We all strive for a fearless voice
But damn! Must have a fearless voice

Desperate times breed hollow voices
Who leads while the deaf rejoice?
Ask yourself what the powerless say
Ask yourself what the powerless

Pray!

That burden weighs you down, so give it up
That burden weighs you down, so give it up
Give it up!
Give it up!
Drop the weight of those false beliefs

I'll bite the stitches and spit the blood
Speak the truth, speak

Your truth

Closing in we gain our hell
We learn, we fail, we fuck it up again but
Open up those wounds and look at them
Your scarred body shows your pain

That burden weighs you down, so give it up
Give it up!
Give it up!
Drop the weight of those false beliefs

I'll bite the stitches and spit the blood
Speak the truth, speak

Your truth

Get back to the place you once belonged
I said yeah!
Get back!
Get back!
To the place you once belonged!

"Like the heir apparent
With no regard for consequences
Born with soul transparent
Innocence is where we once belonged"

This is the point of no return
So spit it!
Scream from the depths of your lungs and spit out!
Spit it out!
Spit it out!
Spit it out!

Spit it out!
I'll bite the stitches and spit the blood
Speak the truth
Speak your truth

Speak your
Speak your truth
Speak your

Can't say it louder
Can't say it any fucking better
But even if your voice shakes
Speak your truth

Do it!
