

Into Amystika (11x)

Post apocalyptic magician
With a lyrical creation
Welcome back Harry Houdini
I show ya, show ya, show ya how I do that trick
The one that makes you scream and kick

Amystika
Amystika

Kayala, where are you?

Another place I want to be
Another day I want -

Supernatural, bio-mechanical, mystical, magical
(Don't give up)

Ah, ah, copycat... copycat

Why
Why, God, my friend is gone?
Why, God, my friend is gone?

My fear, my fear
(C'mon, c'mon)
It's holding me stillborn
Thinking on the times of my demise and -
Fear

I would die for you
Just to be with you

Come alive, she said to me
I'm alive, you wanna be
Come alive, she said to me
I'm alive alone

Kayala: I'm over here

Woman: I'm your obsession

Robot: You're doin' not good
Can you hear me?
Can you hear me?

Bring the pieces together
I'll be the one to create you

Kayala: My love... I'm always here...
Just dream of me

Robot: You're doin' not good
Can you hear me?
Can you hear me?
