

# Thrush

Criss Angel

(Girl) God I love you...  
you live to criticize me  
(whisper) criticize me  
forget truth, minimize me  
(whisper) minimize me  
won't reassure my mind  
hold what I tried to find  
I'm just sinking down...down...down....DOWN

But will you call

wicked thoughts paralyze (paralyzing)  
hate to love patronize (patronize)  
still won't believe my mind  
and deep within to time  
why don't you understand me... me... me...ME

so I let you go

I'm drowning in the sea of my mind  
I'm saving everything I left behind

(open your eyes, criticize, sacrifice, paralyze, finalize)

(girl) God I love you  
so I let you go

I'm drowning in the sea of my mind  
I'm saving everything I left behind

I'm drowning in the sea of my mind  
I'm saving everything I left behind

(criticize, sacrifice, paralyze, open up your eyes)
