

Run Together

Criteria

Run Together by Criteria

We must all consider what it takes to bring all sides to see deep feelings

Hope and pray, peace one day

There is a way to make it work so it don't have to hurt

All the condescending eyes begin to run together

You're caught in a voice, you're caught in a lie

From which you can't recover

Change of heart, change of mind

Sore again just to find it, find it's true

Don't cut yourself with razorblades

Just to say you feel their pain,

'Cause you don't seal it.

If we could meet halfway, then we'd say:

There is a way to make it work so it don't have to hurt

All the condescending eyes begin to run together

You're caught in a voice, you're caught in a lie

From which you can't recover

Change of heart, change of mind

Sore again just to find

A heartwarming story that the kids can rally around

Oh, but in the end there is no common sense Other Criteria songs
