

Don't Talk About It

Cro-Mags

Don't you ever come to me
To try to get any sympathy
I offered peace and you refused
And now you are the one to lose

Don't talk about it
Don't tell me what you're gonna do
Don't talk about it
Don't talk about it
Don't tell me what you're gonna do
Don't talk about it

Ever know the feeling of being betrayed?
Have you ever been kicked right in the face?
Have you ever had a knife stuck in your flesh?
Have you ever been set up by your friends?

Don't talk about it
Don't tell me what you're gonna do
Don't talk about it
Don't talk about it
Don't tell me what you're gonna do
Don't talk about it
Don't tell me what you're gonna do
Motherfucker
