

One Bad Decision

Cro-Mags

One wrong decision could end your life
One wrong decision could undo your life
One bad decision could destroy your life
One bad decision could take others' lives

Think about what you say
Think about what you do

Situations can go bad fast
Your hopes and dreams gone in a flash
Just how long did you think it would last
Look to the future, don't live in the past

Think about what you say
Think about what you do

Everyone makes mistakes, sometimes
Some won't go away
Emotional decisions
Ruin lives every day
