

Dance with the Dead

Crobot

If dreams are what you're selling
Then I'm still buying
Been waiting with my ticket in hand
A one way outta here

You better hold on
It won't be long
We'll flip it all on its head

Let's go dance with the dead
Yeah, yeah, yeah
Let's go dance with the dead
Yeah, they know how to kill it
Yeah

You know I'll never listen
To anything they say
Let's stake it to the limit
So we can see where it all ends

You better hold on
It won't be long
Let's flip it all on its head

Let's go dance with the dead
Yeah, yeah, yeah
Let's go dance with the dead
Yeah, they know how to kill it
Yeah

What could go wrong?
Nothing's got ahold of my tongue
I stand where I don't belong anyways
I'm not afraid

Let's go dance with the dead
Yeah, yeah, yeah
Let's go dance with the dead
Yeah, yeah, yeah
Let's go dance with the dead
Yeah, yeah, yeah

Let's go dance with the dead
Yeah, they know how to kill it
Yeah
Let's dance with the dead, oh-whoa
Oh, they know how to kill it
