

Destroyer

Crobot

I am the one who stole the sun
And brought the flood that will drown you
You never lie, willing to die
And I am straight from the sky

Destroyer
Pain maker
Revenge will be mine

You'll be afraid, the end of days
Let the darkness surround you
You try and hide from the night
But you won't see me when I come alive

Destroyer
Pain maker
Revenge will be mine
Destroyer
The life taker
When I come alive

And I'm coming for your life
Sinking alive
And with the hands of time
I'm taking back what's mine
When I come alive

Destroyer
Pain maker
Revenge will be mine
Destroyer
The life taker
When I come alive

Destroyer
Pain maker
When I come alive
