

## Drown

Crobot

I drank the holy water  
I tried to wash away my sins, my sins  
Can't stop the sky from falling  
I drove the nails through my skin, my skin

And I don't wanna lose sight  
If only you could make it right  
Just take my hand and I'll pull you down  
And I'll let you drown

I begged for forgiveness  
Although I know that I am damned, am I damned?  
Judgement day is coming  
And I still got blood on my hands, on my hands

And I don't wanna lose sight  
If only you could make it right  
Just take my hand and I'll pull you down  
And I'll let you drown  
Yeah, I'll let you drown

And I don't wanna lose sight  
If only you could make it right  
Just take my hand and I'll pull you down  
And I'll let you drown  
Yeah, I'll let you drown
