

# Everyone Dies

Crobot

We could wish on a fallout or beg for the dropout  
But the meteor ain't coming soon  
You can hope for the apocalypse  
But read these words on my lips  
I ain't holding my tongue

If doomsday's coming, well, that'd be just fine  
I'll be first in that line  
Watching for flames and fire  
The sky to fall down on me  
There's always a silver lining to see

Nobody has to cry if everyone dies  
If everyone dies

I won't say that I'm hoping but if that hole opened  
Well I, just might take a dive  
Don't get me wrong, I love living  
But we'd all make a killing  
If no, no one survives

If doomsday's coming, well, that'd be just fine  
We'll all be waiting in line  
Dancing in flames and fire  
The sky's falling down on me  
There's always a silver lining to see

Nobody has to cry if everyone dies  
If everyone dies  
Oh, if everyone dies!  
If everyone dies!  
Come on, bishop!

Living is easy if you die hard  
And fairy tale endings are doomed from the start  
Pull the sword from the stone, damn the gods in the sky  
Why must we live in a world where everyone dies?!  
Everyone dies  
Oh, everyone dies!  
Everyone dies!
