Holy Ghost

Crobot

Yeah, I know
Your agony, it shows
Please bark your instant disapproval

Your face, it shows
The enemy's our own
I hate to burst your little bubble

I am not the holy ghost
I won't ever save your soul, no
But bring me to life 'cause I'm not alive

I won't wait for an apology
Never let them know you're guilty
Take the shape
A spectre in the haze
Invisible to the living

I am not the holy ghost
I won't ever save your soul, no
But bring me to life 'cause I'm not alive
Bring me to life 'cause I'm not alive

Hey, nothing's for free
Yeah
Yeah, 'cause you make this harder than it has to be

I am not the holy ghost
I won't ever save your soul

I am not the holy ghost
I won't ever save your soul, no
But bring me to life 'cause I'm not alive
Bring me to life 'cause I'm not alive
