

# Keep Me Down

Crobot

What you got is not enough  
So get ready to give up  
I learned to fall before I learned to run  
What's a fight without a little fun?

So do you want some blood?  
Do you want some blood?

Dig a little deeper  
Push a little harder  
Yeah, you can't keep me down  
Oh, kick a little longer  
Hit a little harder  
Yeah, you can't keep me down

Love's a, it's a vicious game that you never won  
Only time will tell if you give up  
What it's gonna take, you will never know  
So let's see if you can deliver

So do you want some blood?  
Do you want some blood?

Dig a little deeper  
Push a little harder  
Yeah, you can't keep me down  
Oh, kick a little longer  
Hit a little harder  
Yeah, you can't keep me down

Barely hanging on  
It cuts you to the bone  
But you know that I'll be back around  
Bring you back to life until we say goodbye  
I'm keeping you alive

Dig a little deeper  
Push a little harder  
Do you need some  
Do you want some blood?  
Dig a little deeper  
Push a little harder  
Yeah, you can't keep me down  
Oh, kick a little longer  
Hit a little harder  
Yeah, you can't keep me down
