

Never Break Me

Crobot

It's not the first time
I've fallen behind
It's not even the last
On my way to find
Ideal minds
Might slip through the cracks

You'll never break me
You'll never break me

I saw the sun shine
For the last time
When it burnt me blind
And on that dark night
I found the moonlight
And made it my home

You'll never break me
You'll never break me
And don't waste my time, I won't live a lie
You'll never break me

Make no mistake
I can shake myself awake
Take the bait, hide the stain
'Til it goes away
Hide the pain
Feel the strain of this help erode
Lay out of the light until I'm a ghost

You'll never break me
You'll never break me
And don't waste my time, I won't live a lie
You'll never break me
You'll never break me
You'll never break me
And don't waste my time, I won't live a lie
You'll never break me
