

## Rat Child

Crobot

I grew long in the tooth (Comin' to get you)  
Burnt holes in my shoes (Comin' to get you)

There ain't no reason to serve this revenge cold  
Got my ears feelin' hot from this grudge turnin' old  
This vendetta's been bought and sold  
Bought and sold

If you're willing to take it as far as I see  
I've learned everything that I really need  
Tired of waiting to kill the disease  
To rip out the anger that's buried in me  
It's kicked me down on my hands and knees  
And I can't breathe

Like a rat child in a cage  
I'm all penned up with rage  
A rat child in a cage  
I'm all penned up with rage

I cut a shorter fuse (Comin' to get you)  
And I loosened a couple of my screws

If you're willing to take it as far as I see  
I've learned everything that I really need

Tired of waiting to kill the disease  
To rip out the anger that's buried in me  
It's kicked me down on my hands and knees  
And I can't breathe

Like a rat child in a cage  
I'm all penned up with rage  
Like a rat child in a cage
