

# Right Between the Eyes

Crobot

Into another dimension  
We ride brothers and arms  
Join us or contest us  
We'll show you the fall  
Looking high, looking low  
Just when you thought you had it all under control

Step aside it's my time  
Yeah, yeah, yeahh  
Cut you right down to size  
Yeah, yeah, yeahh  
When I hit you right between the eyes  
Yeah, yeah, yeahh  
Cut you right down to size  
Yeah, yeah, yeahh  
When I hit you right between the eyes

Aboard our cosmic caravan  
We're thieves of the Sun  
Best thing about this darkness  
There's a whole lot of space to run  
We might not look like you but it's all the same  
Cause all the difference will be in the aim

Step aside it's my time  
Yeah, yeah, yeahh  
Cut you right down to size  
Yeah, yeah, yeahh  
When I hit you right between the eyes  
Yeah, yeah, yeahh  
Cut you right down to size  
Yeah, yeah, yeahh  
When I hit you right between the eyes

Yeah, yeah, yeahh  
Cut you right down to size  
Yeah, yeah, yeahh  
When I hit you right between the eyes  
Yeah, yeah, yeahh  
Cut you right down to size  
Yeah, yeah, yeahh  
When I hit you right between the eyes
