

Bad Habits

Croixx

My hearts boutta explode
I don't know where my mind goes
And I
Can't sleep when I get home
I got
Sad songs in my headphones
And
Don't believe that I can change
When
Everyday I feel the same
But I maintain
I can't complain
When I still sleep in the bed you made

I got bad habits
They don't let me sleep at night
I held onto you
Now I know that
I held on too tight (yah)
I got had habits
And I've had them my whole life
They tell me that it's wrong
Can't tell me why
It feels so right

I got bad habits
Bad habit
I got bad habits

Your so bad for me
And I hate that
It took this long too see
That the way it's going
Would leave me hopeless
I can't hold back
And you know that
I had your heart between my hands
And I hate that I broke that

I got bad habits
They don't let me sleep at night
I held onto you
Now I know that
I held on too tight (yah)
I got had habits
And I've had them my whole life
They tell me that it's wrong
Can't tell me why
It feels so right

I got bad habits
Bad habit
I got bad habits
I got bad habits
Bad habit
I got bad habits
I got bad habits

Bad habit
I got bad habits
