

Bonnie & Clyde

Croixx

Tell me I'm fine
Tell me I'm okay
Use me as your vice
I'll be your doorway

We won't survive
But baby, that's okay
It's okay
Oh, the reason

We fall in the deep end
We can't find no meaning
For our lives
Want you to hold me
But baby, you don't know me

I've been on the run
A thousand times
And we will die like
Bonnie n Clyde
No, I don't want
Nothing to do
If it's not with you
I'd spend my life
With you on my mind

No, I don't want
Nothing to do
If it's not with you
Why it feel like a crime

When your gone with the sunrise
Your my ride or die
I hope you find out
What loves like baby

You filled up my emptiness
Replaced the hole inside my chest
I won't be alive to tell the rest
But I'll think of you until I'm dead
Oh, the reason
We fall in the deep end

We can't find no meaning
For our lives
Want you to hold me
But baby, you don't know me

I've been on the run
A thousand times
And we will die like
Bonnie n Clyde
No, I don't want
Nothing to do
If it's not with you

I'd spend my life

With you on my mind
No, I don't want
Nothing to do
If it's not with you

And we will die like
Bonnie n Clyde
No, I don't want
Nothing to do
If it's not with you

I'd spend my life
With you on my mind
No, I don't want
Nothing to do
If it's not with you
