

Can You Love Me?

Croixx

'Cause I found peace in your eyes
Say my name and say it twice
Cross your heart and hope to die
Hold my hand while we fade in the night

Never wanted something so bad
Can you love me?
Can you love me?
Love me back

Can you love me?
Can you love me?
Can you love me?
Oh, oh
Can you love me?
Can you love me?
Can you love me?
Oh, oh
Can you love me?
Can you love me?
Can you love me?
Can you love me?

Show your scars and I'll show mine
Bleed me 'til my veins are dry
Show me love I've never known
Pull me close and let me go

Never wanted something so bad
Can you love me?
Can you love me?
Love me back

Can you love me?
Can you love me?
Can you love me?
Oh, oh
Can you love me?
Can you love me?
Can you love me?
Oh, oh
Can you love me?
Can you love me?
Can you love me?
Can you love me?
