

DARLING

Croixx

Words just can't describe those
Summer days when you were mine I
Convinced it was all by design yeah
Felt a lot like paradise I
Never knew it would be a
Waste of time
I saw heaven every time I looked
In your eyes
Nothing's been the same since
We've divided

Can't describe how you've made me feel this
Supernatural not natural
Probably why I can't let you go
Can't let you go
Just hope you know that

I
Loved
You my darling
Ain't nothing's been the same since we parted
Yeah, yeah
I
Loved you my darling
Yeah, my darling

Showed you my worst
Should've [?] put you first
My darling
Why does it gotta be like this
Always like this

[?] you meant well
When you said I need to heal
Oh god I'm trying
I hope that one day you'll comeback
Oh please come back my darling

Do you reminisce from the thought of me
Tell me is this everything that we're meant to be
How'd you go from someone that I used to need
Now you're somebody that I never see

Cold
It's so cold on the other side
It's so cold without you in my life
And if I don't get to love you twice
I hope I see you up in paradise

I
Loved
You my darling
Ain't nothing's been the same since we parted
Yeah, yeah
I
Loved you my darling
Yeah, my darling

Showed you my worst
Should've [?] put you first
My darling
Why does it gotta be like this
Always like this

[?] you meant well
When you said I need to heal
Oh god I'm trying
I hope that one day you'll comeback
Oh please come back my darling
