

## Dead To U

Croixx

I should've known that drive would be  
The last time I see you in my passenger side  
We laughed, we cried, but we got by  
I thought that I'd die with you

So tell me what to do now when I'm missing you  
How do I let you go when you're still in my head?  
I know you probably hate me  
I wish that you could save me  
I don't know what to do with the love that you left

Yeah, I know you're gone  
And you probably moved on  
And I tried to stay strong, but I can't breathe  
I'm dead to you, but you ain't dead to me  
I waited all night long  
For someone who ain't here no more  
Just wanna feel your company  
One more time, I'll be right here  
If you ever change your mind

I should've let you heal, and give you space  
To know that you hated what I became  
But I, I hate it too, and I just wanted you  
And now, I'm alone

Yeah, I know you're gone  
And you probably moved on  
And I tried to stay strong, but I can't breathe  
I'm dead to you, but you ain't dead to me, no  
I waited all night long (night long)  
For someone who ain't here no more  
Just wanna feel your company  
One more time, I'll be right here  
If you ever change your mind
